I call TV the Idiot box.
Having said that theres good in some documentaries,
History needs to be taught so some things aren't repeated.
Lots of repeating going on, not too many shows aren't remakes.
Hollywood seems to have run out of ideas.
Unless its pushing the Godless agenda

I thought there was something strange when Trump said America would never become a socialist country & there was an awkward silence. Now I see it, the left has a global agenda. They sold out the American Dream for global citizenship. IMO This is Treason.👉👉👉
